ML-C-26482, Series I

MS 3110-3119

Bayonet Coupling
PW (commercial versions)

- Solder Contacts
- Crimp Contacts
- PC Tail Contacts

MIL-C-5015

MS 3100-3109

Threaded Coupling
AC (commercial versions)

- Solder Contacts
- PC Tail Contacts
- Crimp Contacts

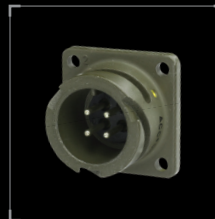

MIL-C-26482, Series I

MS 3120-3129

Bayonet Coupling
PWF (commercial versions)

- Crimp Contacts

Bayonet-5015

Bayonet Coupling

- ACB (commercial versions)
- Solder Contacts
- PC Tail Contacts
- Crimp Contacts

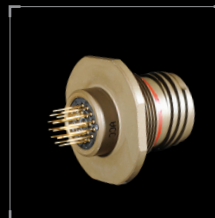

MIL-C-26482, Series I

PWC

Double Start,
Quick Couple Thread

- Solder Contacts
- Crimp Contacts
- PC Tail Contacts

PC Tail Versions of:

- MIL-C-38999
- MIL-C-26500
- MIL-C-83723
- MIL-C-26482
- MIL-C-5015

EMI/RFI Filtered Connectors

Assorted styles
Customer defined

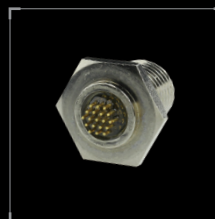

ACK, ACRK, K

Threaded Coupling
Double Start Coupling
Quick Couple
• Solder Contacts

Buffet/Galley Connectors

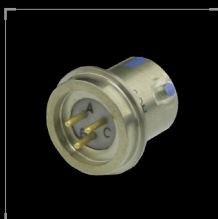

- Crimp Contacts
- Solder Contacts
- Screw Terminated Contacts

Nano Connectors

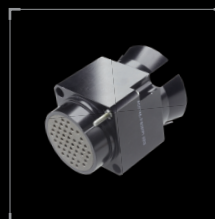

Environmentally Sealed

- Available in Aluminum, Stainless Steel and Composite Shells
- Crimp, Solder or PC Tail Contacts
- IP67 in the unmated condition

Hermetic Connectors

All mil spec series connectors
and custom connectors available
in hermetically sealed versions.

Specials

Custom Configurations
Coaxial Combinations

Manufacturing Products and Capabilities

Special Products

- Stainless Steel connectors, Special Alloys
- Coaxial Combination Circular Connectors
- Unique Shell Shapes, Special Ergonomic Backshells

Mil-C-26482, Series 1, Solder, Bayonet Connectors

- "PW" Series – Solder Cup, Printed Circuit, Commercial Crimp

Mil-C-26482, Series 1, Crimp, Bayonet Connectors

- "PWF" Series – MIL-specs and Commercial Front-Release Crimp

VG 95328 Versions of Mil-C-26482

- Series I types, all versions, EMI/RFI Grounding Fingers on Plugs

Mil-C-26500 PCB Mount Receptacles

- "ACP" Series – Exceptionally Low Profile, Bayonet and Threaded Coupling

Miniature Double Start Connectors

- "PWC" Series – Solder, PC-Tails and Commercial Crimp Termination

Reverse Bayonet Connectors

- "ACB" Series – Solder, PC-Tails, and Commercial Crimp Termination
- Conforms to the design parameters of MIL-C-5015

Mil-C-5015 Connectors, Threaded

- "AC" Series – Solder, PC-Tails and Commercial Crimp Termination

VG 95234 Bayonet 5015 Connectors

- Extended Contact Engagement Lengths, Euro/NATO Standards

Double Start Connectors

- "K, ACK*K" Series – Solder Termination

Buffet/Galley Connectors

- "AC" and "ACR" Series – Crimp and Solder Termination

Hermetic Connectors

- All mil spec series connectors and custom connectors available in hermetically sealed versions.

Nano Connectors

- A series of miniature, metal, circular connectors

EMI/RFI Filtered Connectors

- Customer defined filtered connectors
